

Lunch & Learn Series

Slash Energy Bills with Solar Power

*A timely presentation by Borrego Solar, a national leader
in turn-key solar electrical systems*

Learn the basics of solar power and how to:

- Cut your electricity costs from Day 1 of installation
- Defray up to 80% of installation cost with incentives
- Make optimum use of rooftop space and/or parking areas
- Mitigate future electricity rate hikes
- Add value to property without increasing tax liability
- Get reimbursement of sales tax (Enterprise Zone)
- Be recognized as a forward thinking GREEN company

**Profitability is hard these days so controlling overhead is ever more important.
Sign up today and learn how!**
